

UNITS TO ATTRACT ZERO CBAM TAX IN EUROPE

Avaada, Haryana ink pact for ₹10,000-cr green industrial park

SAURAV ANAND
New Delhi, August 25

AVAADA GROUP ON Tuesday signed a memorandum of understanding with the Haryana government to facilitate the development of a 300-acre Zero-CBAM Green Industrial Campus in Hisar, with a proposed investment of approximately ₹10,000 crore and the potential to generate more than 5,000 employment opportunities.

The proposed campus will be powered by reliable, traceable and round-the-clock renewable energy and is designed to support industries seeking to decarbonise operations, strengthen energy security and prepare for evolving global carbon and sustainability requirements, including the European Union's Carbon Border Adjustment Mechanism (CBAM).

Under the MoU with the Haryana Enterprises Promotion Centre (HEPC), the state government will facilitate the development of the campus as a state-supported Green Industrial/Zero-CBAM Industrial Park. The support will include appropriate

industrial-park status, exploration of a customised package of incentives, common infrastructure, connectivity and utilities, and faster statutory approvals through the state's

single-window mechanism.

"We are pleased to partner with the Government of Haryana in advancing a shared vision for sustainable and future-ready industrial growth in the State," Avaada Group Chairman Vineet Mittal said. "Envisaged with an investment of ₹10,000 crore, the campus will bring together reliable, traceable and round-the-clock renewable energy with industrial infrastructure designed to support low-carbon and CBAM-ready manufacturing."

The campus seeks to combine renewable energy, industrial infrastructure and green manufacturing within an integrated ecosystem.

Reliable and traceable renewable power is expected to enable participating industries to reduce the carbon intensity of operations and respond to growing demand for low-carbon products and supply chains in global markets.

"We believe this initiative can attract global investments and technology, create over 5,000 employment opportunities and catalyse a new generation of green industrial development in Haryana," Mittal said.

Honda rolls out ADV160 & Rebel 300

FE BUREAU
Mumbai, August 25

HONDA MOTORCYCLE & Scooter India (HMSI) on Tuesday announced the prices of ADV160 and Rebel 300, opening bookings for the two models as it begins the rollout of a 10-product portfolio unveiled in July. The ADV160 is priced at ₹1.7 lakh, ex-showroom Bengaluru, while the Rebel 300 costs ₹2.22 lakh for the Standard variant and ₹2.62 lakh for the E-Clutch version. Bookings have opened nationwide and the deliveries are scheduled to begin from mid-October.

The Rebel 300 motorcycle marks Honda's expansion in the lifestyle motorcycle segment. It competes with models including the Royal Enfield Meteor 350 and the Jawa 42 Bobber.

New mobile scheme may deepen Indian brands' tech capabilities

OJASVI GUPTA
New Delhi, August 25

THE RECENTLY NOTIFIED ₹62,500-crore Mobile Phone Manufacturing Scheme (MPMS) could encourage Indian brands to build greater technology and intellectual property capabilities, industry executives said.

Unlike the earlier production-linked incentive (PLI) scheme, which was largely focused on manufacturing scale and exports, MPMS makes design and R&D an explicit part of the incentive structure. "We expect the Indian-brand track to enable 2-3 companies to come up in this scheme," Pankaj Mohindroo, chairman, India Cellular and Electronics Association (ICEA), said, referring to the

requirement that the brand be incorporated in India and undertake R&D and design in-house in the country.

Madhav Sheth, CEO of NxtQuantum Shift Technologies, which runs the Ai+ smart-

phone brand, said that the R&D incentive, combined with the benefit for domestic component sourcing, should help build India's technology capabilities and enable meaningful technology transfer.

"The scheme makes design and R&D a core part of the incentive structure rather than an incidental element of manufacturing," Mohindroo said, adding that this would encourage Indian companies to build independent product, technology and intellectual property capabilities rather than simply assemble handsets.

The Indian-brand track also does not prescribe a fixed annual sales threshold, a feature welcomed by executives. A qualifying Indian brand can receive a flat 5% incentive on eligible sales, with an additional 1.5% for domestic component sourcing and up to 3% for Indian design and R&D.

The combined incentive can therefore reach nearly 9.5% of eligible sales.

Jury chooses India's best

IN ITS INAUGURAL edition, the FE Leadership Awards will also single out a CEO whose performance in 2025-26 put him or her ahead of the pack.

At the other end of the leadership journey, the Lifetime Achievement award will salute a business leader who has built an enduring institution — brick by brick, over decades.

The jury's deliberations will be backed by data collated by EY from company annual reports and authoritative sources, including the Registrar of Companies and ratings agencies.

But the numbers will only take the process so far. The jury will bring its collective experience to bear in assessing performance, leadership, innovation and impact before arriving at the winners.

The awards span 11 categories:

The jury will bring its collective experience to bear in assessing performance, leadership, innovation and impact before arriving at the winners

CEO of the Year, Company of the Year, Start-up of the Year, Emerging Entrepreneur of the Year, Young Turks, CFO of the Year, MNC of the Year, Innovation of the Year, Sustainability Leader/Company, Lifetime Achievement and MSME of the Year.

On Wednesday, the spreadsheets, shortlists and supporting dossiers will be on the table. Then comes the harder part: deciding who deserves to make the cut.

SRTT set for fresh appeal this week to lift meeting ban

THE SUCCESSION ISSUE has acquired urgency after N Chandrasekaran informed the Tata Sons board that he would not seek reappointment as chairman when his current term ends on February 20, 2027.

Under Tata Sons' Articles of Association, its chairman is appointed through a five-member selection committee, three members of which are jointly nominated by the two key trusts — Sir Dorabji Tata Trust (SDTT) and SRTT. SRTT's inability to convene its board is, therefore, holding up the constitution of the panel and the time-bound process of identifying Chandrasekaran's successor.

In an earlier submission, Tata Trusts Chairman Noel Tata had stressed the need to conduct essential trust business, pointing out that grants worth nearly ₹ 400 crore were awaiting approval because the SRTT board could not meet.

The meeting ban stems from an objection filed by

advocate Katyayani Agrawal, who alleged that the composition of the SRTT board violated Section 30(A)(2) of the Maharashtra Public Trusts Act by exceeding the permissible number of lifetime trustees. Under the provision, lifetime trustees cannot account for more than 25% of a trust board's strength. Trustee Venu Srinivasan had made a similar representation.

When the representations were filed in April, SRTT had six trustees, including Noel Tata, Jimmy Tata, Jehangir HC

Vijay Singh. Noel Tata, Jimmy Tata and Jehangir HC Jehangir hold trusteeship for life. Singh's exit from the SRTT board on August 14 has since resulted in lifetime trustees accounting for more than half its current strength.

In his May 15 communication, Maharashtra Charity Commissioner AS Kaloti said an investigation into the objections was underway and directed the SRTT board to refrain from meeting until the probe was completed.

Tata Trusts had then said the direction was passed ex parte and without notice to SRTT. It did not, however, challenge the order before the Charity Commissioner or a higher judicial authority at the time. Efforts to secure relief gathered pace only ahead of the August 18 Tata Sons AGM.

Even now, SRTT is believed to be reluctant to approach the Bombay High Court, given concerns that litigation could further delay a resolution, people familiar with the matter said.
